The Tramp Prisoners on a Strike

Meeting of the Territory Reform School Board The June Revision of Registration-Fell From a Train.

THE SALT LARK HERALD BUREAU,
NO. SALI WASHINGTON AVENUE,
OGDEN, JUNE 1.

It is not known that the police have any
clew to the perpetrators of the recent robberies in this city.

Bricklaying was commenced yesterday on E. A. Reed's fine three story building on Twenty-nith street,

on Twenty-fifth street.

There is scarrely half a dozen blocks in
the city upon which one or more buildings
are not being erected at the present time.
The street cars now run to the south end
Washington avenue every hour, and to
Five Points, the northern end of the track,
morning and night.
Donald McLain, general purposes of the

morning and night.

Donald McLain, general manager of the Pacific Short Line, left Sionx City for Utah yesterday, and will probably reach Ogden next Monday.

Scores of prairie schooners, northward bound, pass through the city daily. Most of them are bound for Idaho and only an occasional one is headed for Oregon and Washington serritory.

Dr. Condon read a beautiful poem at the exercises in the paylon Thursday night. It was one of his own. It would have been better approclated has some good elocutionist been selected to read it.

Some one has started a stone yard on

better approclated has some good eloculionist been selected to read it.

Some one has started a stone yard on tabernacle square, by whose permission it is not known. If one man can do this what is to prevent any one from following suit, with any other kind of business?

Mr. Woody, a compositor on the Daily Toison of this city, was thrown from an excursion train near Lake Park Thursday afternoon and quite seriously injured. He is all right now. Hereafter he will ride inside the cars, feet and all.

The June revision of the registration lists will begin next Monday and contained for six days. Only those who are on the lists at the close of the week can vote at the August election. There will be a pretty full registration in Weber county this year. Several residences were entered by thieves on Thursday during the absence of their immates, and articles of considerable elections of their immates, and articles of considerable and puriodical theoretical the contained and the contained the

The Primary association of Weber county will commemorate the birth of the late Brigham Young (June ) to-day by appropriate exercises in Lester park pavilion and a dance in the afternoon and evening, for which invitations and thekets have been issued by the committee.

The religion of the statements are the properties of the committee.

remain invitations and there's may seen issued by the committee.

The religion of the Grand Army of the Republic, as defined by Colonel John E. Hudsons, is acreed that every man, woman and child in the United States can subscribe to. It embraies three principles, charity, fraternity and loyalty—loyalty pure and simplet levality bland and unquestioning to the flag, the nation and the government.

Two dramks and three vaps were interviewed by his bonor the alderman yeater day forenoon. The two former had been discharged on Thursday, but their appetite for fire water was too strong to be resisted. Brother Preshaw increased the dose and gave them the alternative of putting up \$15 cach or contributing fifteen days toward improving the streets.

improving the streets.

The territorial reform school board met yesterday afternoon and filled vacancies Governor Thomas took the place of ex-Governor West and Secretary Selfs that of ex-Secretary Hall. Messers. Barton of Davis country, Jones of Box Eiler, and Richards of Weber, members of the board, were present. The accounts were ardited, a statement was called for and produced, the building inspected and the work approved, after which the board adjourned until June 7.

Before long, it is probable that the citi-

proved, after which the board adjourned until June 7.

Before long, it is probable that the citierns of Ogden who have material interests in the city, and desire to see it grow and become a great commercial and minufacturing centre, will be called upon to show their substantial approximation of the enterprise inaugerated and now being carried insward by the Suit Lake Vailey & Book of the Castern railway. That company has not set asked for anything, and may not do so, yet it would be a grareful act on the part of our people, and one that would certainly be appreciated by the railroad folks, to give them imple terminal rounds and such terminal facilities as they require in the location which they may select.

New Bill of Fare.

The tramps who have been hearding and lodging at the expense of the corporation went our attrice pesternly morning and refused to go to work. There are seventeen of these follows now in durance vite, who have been receiving better food than the average workingman is able to provide for his family or than the average second-class hotel serves to its patrons; yet they were not satisfied. The bill of fare embraced well condend and good meat, bread, potatoes, beans, excellent coffee, and selly for the bread. The bill of fare embraced well-condend and good meat, bread, potatoes, beans, excellent coffee, and selly for the bread. The bill of fare embraced well-condend and good meat, bread, potatoes, beans, excellent coffee, and selly for the bread. The bill of the embraced well-condend outside dispensed with without causing them to suffer. Then they "kicked" and the order went forth to herd them all in the iron cage on the lower floor of the jall and serve them an anti-dyspeptic diet of bread and water until they should be sufficient of bread and water until they should be sufficiently subdued to come to their senses and return to work. The change of diet will be sure to briar them to time before many moons.

A Novelty in Refrigerators.

Theory of the Orden public has been at tracted during the past two or three days to the refrigerator which is placed on exhibition in the show window of Hoyle & Go's great furniturs house on Washington ave.
